CHEN Zhanghao

zchen971@connect.hkust-gz.edu.cn

Homepage | GitHub | LinkedIn | Guangdong, China

Education

HKUST(GZ), Society Hub 2024–2028 (expected)
Ph.D. in Innovation, Policy and Entrepreneurship Guangzhou
Supervisor: Asst. Prof. Luoye Chen; co-supervisor: Asst. Prof. Chao Zhang

SUSTech 2022–2024
Master in Statistics and Data Science Shenzhen
Supervisor: Prof. Bingyi Jing

Shenzhen University 2018–2022
B.A. in Physics Shenzhen

Research Interests

Topics: Digital Infrastructure and Spatial Economics (Land Use, Remote Work, and Data Centers); Agricultural Trade and Supply Chain Resilience; Perishable Supply Chain Operations.

Methods: NLP and Large Language Models; Causal Inference and Applied Econometrics; Complex Networks and Graph Neural Networks.

Publications and Working Papers

1. **On Large-Scale System of Sparse Linear Equations with Tree Structures and its Applications to Fiber Optic Networks**

   Zejian Xie, Songxin Zhang, Sai Hao, Zhanghao Chen, Ya Wang, and Bing-Yi Jing.

   Journal of the American Statistical Association (2026). Accepted author version online, 27 July. DOI: 10.1080/01621459.2026.2704941. All authors contributed equally.

   Presentation: Young Statisticians Association Annual Meeting, SWUFE (2026; RMB 1,000 travel grant).

2. **Beyond the Home–Work Separation: Zoning Flexibility and the Geography of Remote Work across U.S. Municipalities**

   With Luoye Chen and Chao Zhang. Working paper.

   Presentations (2026): 8th PKU Quantitative Social Science Workshop (admitted participant; registration fee waived); ICSC, University of Oxford (£100 bursary covering registration); LLMSS, City University of Hong Kong.

3. **From Diversification to Resilience: Network Adaptation to Compound Upstream Shocks in China's Soybean Supply Chain**

   Work in progress.

   Accepted presentation: IJOPM workshop, Zhejiang University, 4–5 January 2027.

Teaching Experience

FTEC6910F Machine Learning for Finance Spring 2026
HKUST(GZ) Teaching Assistant Evaluation: **Excellent**

CNGF5020 Environmental Modeling and Big Data Analytics Fall 2025
HKUST(GZ) Teaching Assistant Evaluation: **Excellent**

STA217 Introduction to Data Science Fall 2023
SUSTech Teaching Assistant

MAT210 Mathematical Statistics Spring 2023
SUSTech Teaching Assistant

PHY201 Statistical Mechanics Spring 2020
Shenzhen University Teaching Assistant

Projects

Time Synchronization for Large-Scale Networks December 2022–December 2023
2023 Huawei Spark Award

Network Data Traffic Analysis 2023
Huawei

Industry Experience

Huawei 2023, 2025
Ambassador

Vivo June–August 2023
Data Engineer Intern

Awards and Honors

Excellent Graduate Student, SUSTech 2024

Outstanding Innovative Talent Scholarship, Shenzhen University 2018–2022

Meritorious Winner (M Award), COMAP Mathematical Contest in Modeling 2021

Second Prize, 13th Chinese National College Student Mathematics Competition 2021

Additional Information

Conference attendance: 1st JCSDS, Beijing (2023).

Programming: Python, R, Stata, LaTeX **Database:** Presto, SQL, PySpark

Languages: Mandarin Chinese (native), English

Interests: Weiqi, Swimming, Tennis
