CHEN Zhanghao

zchen971@connect.hkust-gz.edu.cn
LinkedIn | GitHub | Homepage
Guangdong, China Last updated: October 2026

Education

- **HKUST(GZ), Society Hub** *2024–2028 (expected)*
  Ph.D. in Innovation, Policy and Entrepreneurship Guangzhou
  ◦ *Supervisor: Asst. Prof. Luoye Chen, co-supervised by Asst. Prof. Chao Zhang*
- **SUSTech** *2022-2024*
  Master in Statistics and Data Science Shenzhen
  ◦ *Supervisor: Prof. Bingyi Jing*
- **Shenzhen University** *2018 - 2022*
  B.A. in Physics Shenzhen

Research Interests

Topics: Financial Technology and Digital Infrastructure (Data Centers); Land-Use Regulation and Remote Work; Agricultural Trade and Supply Chain Resilience; Perishable Supply Chain Operations.
Methods: NLP and Large Language Models; Causal Inference and Applied Econometrics; Complex Networks and Graph Neural Networks.

Publications and Working Papers

1. **On Large-Scale System of Sparse Linear Equations with Tree Structures and its Applications to Fiber Optic Networks**. Zejian Xie, Songxin Zhang, Sai Hao, Zhanghao Chen, Ya Wang, and Bing-Yi Jing. *Journal of the American Statistical Association* (2026), accepted author version online, 27 July. doi:10.1080/01621459.2026.2704941. *All authors contributed equally.*
   Presentation: Young Statisticians Association Annual Meeting, SWUFE (2026; RMB 1,000 travel grant).
2. **Beyond the Home–Work Separation: Zoning Flexibility and the Geography of Remote Work across U.S. Municipalities** (with Luoye Chen and Chao Zhang), working paper.
   Presentations: 8th PKU Quantitative Social Science Workshop (admitted participant; registration fee waived); ICSC, Oxford (£100 bursary covering registration); LLMSS, City University of Hong Kong (2026).
3. **From Diversification to Resilience: Network Adaptation to Compound Upstream Shocks in China's Soybean Supply Chain**. Work in progress.
   Accepted presentation: IJOPM workshop, Zhejiang University, 4–5 January 2027.

Projects

Time Synchronization for Large-Scale Networks, Huawei Spark Award 2022–2023
Network Data Traffic Analysis, Huawei 2023

Experience

Huawei, Ambassador 2023, 2025
Vivo, Data Engineer Intern June–August 2023

Teaching Experience

FTEC6910F Machine Learning for Finance — TA, **Excellent** 2026 Spring
CNGF5020 Environmental Modeling and Big Data Analytics — TA, **Excellent** 2025 Fall
STA217 Introduction to Data Science, SUSTech 2023 Fall
MAT210 Mathematical Statistics, SUSTech 2023 Spring
PHY201 Statistical Mechanics, Shenzhen University 2020 Spring

Awards and Honors

Meritorious Winners, COMAP Mathematical Contest in Modeling 2021
Outstanding Innovative Talent Scholarship, Shenzhen University 2018-2022
Excellent Graduate Student, SUSTech 2024
Second Prize, The 13th Chinese National College Student Mathematics Competition 2021

Additional Information

Conference attendance: 1st JCSDS, Beijing (2023).
Programming: Python, R, Stata, LaTeX **Database:** Presto, SQL, PySpark
Languages: Mandarin Chinese (native), English **Interests:** Weiqi, Swimming, Tennis
